Mr. Bagamane Deva Gowda.—

There seems to be some mistake in the figures. Is it believeable that when coffee is sold at Rs. 18 at Hassan, it could be had for Rs. 10 in the Kadur District?

Secretary to Government, Development Department.—

Possibly ; but that is our information.

Mr. Bagamane Deva Gowda.—

In view of the heavy fall in prices, would it not be possible for the Government to give some relief to the raiyats by way of reduction of assessment?

Dewan.—

That comes up for consideration as a representation.
